# Pink Sheet Podcast: New US FDA Developments In AI Regulation

by [Pink Sheet Team](#)

*Pink Sheet* reporter and editors discuss new developments in the FDA's plans to regulate artificial intelligence and drugs associated with it, including a new AI Council within CDER, as well as some of the unanswered questions about AI in drug development.

*Pink Sheet* Executive Editor Derrick Gingery, Senior Writer Sarah Karlin-Smith, Senior Editor Sue Sutter and Interim Editor-in-Chief Nielsen Hobbs discuss the impact of some recent US Food and Drug Administration news on artificial intelligence regulation, including the creation of a new AI Council in the Center for Drug Evaluation and Research (:39). They also discuss industry questions about inspections of AI-related products and other lingering regulatory uncertainties (5:07).
